How to format the date and time in WordPress | the_time

```
<?php echo the_time(); ?> \Rightarrow 9:30am

<?php echo the_time('g:i a'); ?> \Rightarrow 9:30am \Rightarrow Default

<?php echo the_time('G:i'); ?> \Rightarrow 9:30

<?php echo the_time('F j, Y'); ?> \Rightarrow March 15, 2022

<?php echo the_time('F j'); ?> \Rightarrow March 15

<?php echo the_time('j F'); ?> \Rightarrow 15 March

<?php echo the_time('j M'); ?> \Rightarrow 15 Mar \Rightarrow It will only show first 3 letter

<?php echo the_time('j m'); ?> \Rightarrow 15 03 \Rightarrow Month Number

<?php echo the_time('j n'); ?> \Rightarrow 15 3 \Rightarrow Month Number without zero

<?php echo the_time('d n'); ?> \Rightarrow 15 3 \Rightarrow Day number with zero, "j" do not show zero

<?php echo the_time('D n'); ?> \Rightarrow Thesday 3 \Rightarrow Day name
```
